

Matt Junak Bio:

Matt Junak is a Senior Staff Engineer at HNTB, working with Intelligent Transportation Systems, transportation planning, traffic engineering and highway design. His projects span across the Midwest, including hundreds of miles of freeway management, two international border crossings, fiber optic and wireless backbones, and implementation of statewide standards for ITS infrastructure and networking. Matt has served as a technical expert and project manager for Truck Parking efforts around the country since 2012, including Michigan, Florida, Kansas, Wisconsin, Ohio, Minnesota, Iowa, Indiana, and Kentucky. Matt holds a BS in Civil Engineering and MS in Transportation Engineering from Michigan State University. He is a registered Professional Engineer in the state of Michigan.
