

## Technical Training Opportunity – Louisville, Kentucky CYBERSECURITY BASICS

July 16, 2019

ITS Midwest in cooperation with ITS America and the U.S. DOT Professional Capacity Building (PCB) program is pleased to offer training to ITS Midwest members and others on Cybersecurity Basics.

The half-day training course will be offered July 16, 2019, 10:00 am to 2:30 pm at TARC Headquarters Board Room, 1000 W. Broadway, Louisville, KY 40203. The course is offered at no charge; however, registration is required. Space is limited; registrations will be accepted on a first-come, first served basis. **To register, email the completed form below to Annie Rahall at arahall@teceng.com. If you have questions, please contact Ed Blayney at (502) 428-5195.**

ITS Midwest will provide morning and afternoon break refreshments and a box lunch to course participants. The course is eligible for four (4) Professional Development Hours (PDHs).

### **Cybersecurity Basics Training Description:**

This course is designed to help transportation professionals improve their understanding of basic cybersecurity concepts and learn more about the potential risks to transportation systems. Emphasis is placed on Intelligent Transportation Systems (ITS), Transportation Management Centers (TMCs), industrial control systems (ICSs), and other devices that are critical in the operations of transportation systems. This is an Introductory Level course targeted towards state and local transportation officials, TMC managers, ITS engineers, traffic operators, or any transportation professional new to the cybersecurity realm who wants to gain a better understanding of threats that exist and solutions for addressing those threats.

## Cybersecurity Basics Training Registration

July 16, 2019

Name: \_\_\_\_\_

Organization: \_\_\_\_\_

E-mail: \_\_\_\_\_
